

IMEKO International Conference on METROLOGY FOR ARCHAEOLOGY AND CULTURAL HERITAGE

Castello del Valentino, Torino, Italy, 19-21 October, 2016

MetroArchaeo gathers together researchers and operators interested in the valorisation, characterisation and preservation of archaeological and cultural heritage with the main objective of discussing production, interpretation and reliability of measurements and data.

The conference program is conceived to foster exchanges of ideas and information, make connections and collaborations and update innovation on "measurements" suitable for cultural heritage among archaeologists, conservators and scientists.

MetroArchaeo2016 will include "Live Demonstration - DEMOS" tracks to allow interactive and tangible forms of presentation.

The 2nd edition of the conference will be held in Torino, Italy. All the information will be published soon on : www.metroarchaeo.com

Conference topics

Main topics include, but are not limited, to:

- Metrology for Archaeology and Cultural Heritage
- Methodologies, measurement techniques and data analysis
- Sustainable methodologies and measurements for preventive conservation
- Heritage Geomatics
- Non-destructive techniques and testing systems for diagnostic applications
- Ancient scientific instruments
- Bioarchaeology and measurements for heritage food
- Archeometry
- Computer Science and 3D survey

*Special sessions on topics of interest will be organized.
Dead-line for special session proposals: 10th July 2016.*

Authors of selected papers will be invited to submit an extension of their work on **Measurement** - Journal of International Measurement Confederation (IMEKO) and on **ACTA IMEKO**.

Preliminary important dates

30th July 2016
Abstract submission

20th August 2016
Acceptance notification

20th September 2016
Full paper submission
